

SAFETY DATA SHEET

Section 1: Product and Company Identification

Product Name: Markal® Thermomelt® Heat Stik™ 932°F/500°C
Product Code: 86807
Product Use: Surface temperature indicator
Supplier: LA-CO Industries, Inc.
 1201 Pratt Boulevard
 Elk Grove Village, IL
 60007-5746
 E-mail Contact: customer_service@laco.com
Phone: (847) 956-7600
Fax: (847) 956-9885
24-hour Emergency: CHEMTREC: (800) 424-9300

Section 2: Hazards Identification

Protective Clothing	OSHA Classification	WHMIS (Canada)	Transport
Not Required for Normal Use	Not classified as a hazardous chemical	Not Controlled	Not Regulated

Emergency Overview: Exposure to hazardous substances is not expected when handling this article for its intended use. Hot, molten product can cause thermal burns.

Appearance, Color and Odor: Solid, white stick in a labeled holder, odorless.

While this material is not considered hazardous, this SDS contains valuable information critical to the safe handling and proper use of the product. This SDS should be retained and available for employees and other users of this product.

USA: This product is not a hazardous chemical as defined by 29 CFR 1910.1200, OSHA Hazard Communication Standard. This product meets the definition of an "article".

Canada: This is not a controlled product under WHMIS. This product meets the definition of a "manufactured article" and is not subject to the regulations of the Hazardous Products Act.

European Union (EU): This product is not classified as hazardous according to Regulation (EC) No 1272/2008.

Potential Health Effects

ACUTE (short term):

- Relevant Route(s) of Exposure:** Skin contact.
- Inhalation:** Exposure to hazardous substances by inhalation is not expected with normal use of the product. Fumes generated from overheating the material may cause irritation to the respiratory tract.
 - Ingestion:** Not an expected route of occupational exposure. Components of the product have low oral toxicity. May cause nausea, vomiting and diarrhea if swallowed.
 - Skin:** Normal use of the stick will not result in harmful effects. Molten product can cause thermal burns.
 - Eye:** Not an expected route of occupational exposure. Fumes generated from overheating the material may cause eye irritation.

CHRONIC (long term):

Long-term health effects are not expected with normal use of the product.

Medical Conditions Aggravated by Exposure: Not available

Interactions With Other Chemicals: Not available

Potential Environmental Effects: Not available

SAFETY DATA SHEET

Section 3: Composition / Information on Ingredients

Mixture containing non-hazardous substances in a non-hazardous solid resin.

Section 4: First Aid Measures

- Inhalation:** If symptoms are experienced remove source of contamination or move victim to fresh air and obtain medical advice.
- Eye Contact:** No effects expected. If irritation occurs, flush contaminated eye(s) with lukewarm, gently flowing water for 5 minutes. If irritation persists, obtain medical advice.
- Skin Contact:** If irritation does occur, flush with lukewarm, gently flowing water for 5 minutes. If irritation persists, obtain medical advice.
 For thermal burns: cool affected area with cold water; do not remove solidified material from the skin; seek medical attention.
- Ingestion:** If swallowed, call a Poison Control Centre or obtain medical advice immediately.

Section 5: Fire Fighting Measures

- Flammable Properties:** Product will burn if involved in a fire.
- Suitable extinguishing Media:** For small fires, use water spray, dry chemical, carbon dioxide, or alcohol-resistant foam. For large fires, use carbon dioxide, dry chemical powder, alcohol-resistant foam or polymer foam. Use water spray to cool fire-exposed containers.
- Unsuitable extinguishing Media:** Do not use water jet on hot, molten product.
- Explosion Data:**
- Sensitivity to Mechanical Impact:** Not applicable
 - Sensitivity to Static Discharge:** Not applicable
- Specific Hazards arising from the Chemical:** If involved in a fire, combustion may produce toxic and irritating fumes and gases including oxides of sulfur, potassium, sodium, molybdenum and carbon.
- Protective Equipment and precautions for firefighters:** Self-contained breathing apparatus and protective clothing should be worn. Remove all unprotected personnel.

Section 6: Accidental Release Measures

- Personal Precautions:** Wear thermal protective gloves if needed to prevent skin contact with hot, molten material.
- Environmental Precautions:** Prevent the product from entering sewers or waterways.
- Methods for Containment:** Not applicable
- Methods for Clean-up:** Pick up spilled product and collect for re-use or proper disposal. Dispose of any contaminated, unusable product as described in Section 13 of this SDS.

Section 7: Handling and Storage

- Handling:** Keep out of reach of children. Avoid breathing any fumes from thermal decomposition. Do not ingest. Do not use on foods. Do not touch heated, molten product.
- Storage:** Store out of direct sunlight and away from heat, flames and ignition sources.

SAFETY DATA SHEET

Section 8: Exposure Controls/Personal Protection

Exposure Guidelines

Measurable airborne concentrations of the component substances are not expected when the product is used for its intended purpose.

Exposure Controls

Engineering Controls: Not required for normal use.

Personal Protection:

Eye/Face Protection: No special requirements. Wear protective equipment appropriate for the workplace conditions where this product is used.

Skin Protection: Wear thermal protective gloves when needed to prevent burns.

Respiratory Protection: No special requirements. Wear protective equipment appropriate for the workplace conditions where this product is used.

General Hygiene Measures: Avoid breathing fumes. Do not ingest. Avoid contact with the skin. Keep out of reach of children. Wash hands at the end of every work shift and before eating, drinking, smoking or using the toilet.

Section 9: Physical and Chemical Properties

Physical State:	Solid.	Flash Point & method:	Not available
Appearance, Color and Odor:	White stick in a labeled holder, odorless.	Autoignition Temperature:	Not available
Odor Threshold:	Not available	Flammability Limits in Air:	Not available
pH:	Not applicable	Vapor Pressure:	Not available
Relative density:	>1 (estimated)	Vapor Density:	Not applicable
Partition coefficient:	Not available	Evaporation Rate:	Not applicable
Solubility:	Insoluble in cold water.	Boiling Point/Range:	Not available
Viscosity:	Not applicable	Melting Point:	Approximately 932°F/500°C
Decomposition Temperature:	Not available	VOC Content:	0% (w/w)

Section 10: Stability and Reactivity

Chemical Stability: Stable

Conditions to Avoid: Do not use in conditions of extreme heat or near open flames. Avoid contact with other substances; contamination of product may affect its melting point.

Incompatible Materials: Incompatible with strong acids, strong bases and oxidizing agents.

Hazardous Decomposition Products: Heating to decomposition (>550°C) may release irritating and toxic fumes.

Possibility of Hazardous Reactions: Not applicable

SAFETY DATA SHEET

Section 11: Toxicological Information

Acute Toxicity Data	Acute toxicity data is not available for the marking preparations inside the sticks. Worker exposure to toxic and harmful substances is not expected when the stick is used for its intended purpose.
Other Toxicity Data	
Carcinogenicity:	Normal use of this product will not result in exposure to any component that is considered a human carcinogen by IARC (International Agency for Research on Cancer), ACGIH (American Conference of Governmental Industrial Hygienists, OSHA or NTP (National Toxicology Program).
Irritation:	Direct contact with the eyes may cause irritation. May cause irritation if in prolonged or repeated contact with skin.
Corrosivity:	Not applicable
Sensitization:	Not applicable
Neurological Effects:	Not applicable
Genetic Effects:	Not applicable
Reproductive Effects:	Not applicable
Developmental Effects:	Not applicable
Target Organ Effects:	Not applicable

Section 12: Ecological Information

Ecotoxicity:	Not available
Persistence/Degradability:	Not available
Bioaccumulation/Accumulation:	Not available
Mobility:	Not available

Section 13: Disposal Considerations

Waste Disposal Method:	<p>Do NOT dump into any sewers, on the ground or into any body of water. Store material for disposal as indicated in Section 7 Handling and Storage.</p> <p>The conditions of use, storage and disposal of this product are beyond our control and may be beyond our knowledge. For this and other reasons, LA-CO Industries, Inc. does not assume responsibility and expressly disclaim liability for loss, damage or expense arising out of or in any way connected with the handling, storage, use or disposal of this product.</p> <p>Waste must be disposed of in accordance with relevant EU Directives and national, regional and local environmental control regulations.</p>
-------------------------------	---

Section 14: Transport Information:

U.S. Hazardous Materials Regulation (DOT 49CFR):	Not regulated
Canadian Transportation of Dangerous Goods (TDG):	Not regulated
ADR/RID:	Not regulated
IMDG:	Not regulated
Marine Pollutants:	Not applicable
ICAO/IATA:	Not regulated

SAFETY DATA SHEET

Section 15: Regulatory Information

USA

TSCA Status: All component substances are listed on the TSCA inventory.

SARA Title III

Sec. 302/304: None
 Sec: 311/312: None
 Sec. 313: Not applicable
 CERCLA RQ: Not applicable

Canada

This product has been classified in accordance with the hazard criteria of the *Controlled Products Regulations* and the MSDS contains all the information required by the *Controlled Products Regulations*.

WHMIS Classification: (for workplace exposures) Not controlled. Product meets the definition of a “manufactured article” and is not subject to the regulations of the Hazardous Products Act.

New Substance Notification Regulations: All substances are listed on Canada’s Domestic Substances List (DSL).

NPRI Substances: Not applicable

EU Classification for the Substance/Preparation

European Inventories: All component substances are listed in EINECS.

Symbol: This product is not classified as dangerous according to Regulation (EC) No 1272/2008.

Section 16: Other Information

Preparation Information:

Revision Date: July 3, 2013
